## LIND AT VERA CRUZ; ALL QUIET

Unwelcome Representative of Wilson Arrives at Mexican Port and Is Met by Envoy Hale.

WILL PROCEED TO CAPITAL AT ONCE

Mexican Government Makes Reply to Second Bryan Note. Assuring Safety of Americans in Republic.

VERA CRUZ, Aug. 9.—Former Governor John Lind, of Minnesota, special representative of the United States and counsellor to the American embassy at Mexico City, landed on Mexican soil late today and went direct to his hotel at Vera Cruz. When he will leave for the capital has not been determined.

The people of Vera Cruz gave no intimation of a desire to indulge in a demonstration of disapproval of Lind's coming. His landing was witnessed by only a small group.

Conference between John Lind and Dr. Wm. Bayard Hale, two personal representatives to the Mexican republic of President Wilson, took place this afternoon on board the battleship Louisiana, the flagship of the 2nd division of the U. S. Atlantic fleet after the former governor of Minnesota had been received by Admiral Frank F. Fletcher and Wm. M. Canada, U. S. consul at Vera Cruz.

Lind arrived at Vera Cruz at 1 o'clock on the battleship New Hampshire from Galveston and was immediately transferred to the battleship Louisiana.

Dr. Hale came to Vera Cruz from Mexico City this morning. The conference on the warship resulted in giving each representative an official understanding in regard to the latest developments in the Mexican situation but details of their conversation were not revealed.

With the expectation that Lind would go ashore soon after the arrival of the New Hampshire a small crowd gathered at the pier but there was no sign of open hostility. Acting upon instructions from federal authorities at Mexico City, local officials have issued orders to prevent a demonstration but apart from adverse opinions privately expressed, the public appeared most apathetic.

There was not even a casual meeting between Lind and the authorities at Vera Cruz. Capt. James H. Oliver, commanding the New Hampshire, was not obliged to call on General Gustavo Maas, commander of the federal garrison, as his boat has been out of Mexican waters only a few weeks and until he does call on General Maas the military commander will not visit the warship. Unless instructions contrary are received from the capital Lind will proceed to Mexico City without hindrance, though when he will start has

not been announced. Hale will accompany him to Mexico City. Hale has been in Mexico 2 months as personal representative of Wilson, but it was never admitted in Washington his connection, which may explain why the Mexican government has not interfered with his actions. Hale's trip to Vera Cruz was made solely to meet Lind.

WASHINGTON, Aug. 9.—A two hours' conference tonight between the president, Bryan and the senate foreign committee brought no change in attitude toward Mexico. The president took the senators into his confidence far enough to outline this:

Special Envoy Lind does not bear a solution of the situation, but goes to continue our efforts to induce Huerta to redeem his promises for a free election; that under no circumstances will the administration recognize Huerta; that Lind has gone to Mexico to be the "eyes" and "ears" of Washington on the ground, and explain when fully familiar with the situation. By withdrawing Ambassador Wilson and sending Lind, the president planned to have a man on the ground who was in sympathy with the administration here. In no sense is he to be a factor in the situation at Mexico City.

Of the twelve men present only two senators, Smith of Arizona, and Stone of Missouri, are in a policy of ultimate intervention. It became known the president's plan to have John Lind as his special envoy, now waiting at Vera Cruz will present nothing to the Huerta government until he has fully acquainted himself with the situation.

MEXICO CITY, Aug. 9.—Replying to the second note forwarded by Secretary Bryan to the Mexican government Manuel Garza Adalpa, Mexican foreign minister, today prepared the following statement:

"Answering your telegram to President Huerta, the rumor mentioned is without foundation. Lind, like any foreigner, may pass through this country freely without being subject to any molestation. American citizens like other foreigners, have enjoyed and continue to enjoy the most complete guarantee on the part of the Mexican government and the people. All are under the protection of our laws and the case of Lind does not modify intentions and precedents.

"Furthermore, there should exist neither fear nor anxiety respecting the security of foreigners, for which likewise there is no foundation. Respecting mediation, of which mention has been made, the government of Mexico has already made its declarations."

MEXICO CITY, Aug. 9.—Correct treatment of John Lind was assured by the Mexican foreign office in a message forwarded to Washington today and speculation at the Mexican capital tonight turned to the nature of Lind's mysterious mission, which apparently is in the belief that the United States can solve the difficulties now besetting the Mexican nation.

AMERICAN IN DANGER. MEXICO CITY, Aug. 9.—Wilbur T. Gracey, U. S. consul at Progreso, Yucatan, has requested the gunboat Wheeling at Progreso, Americans being in danger. A battle in which 900 rebels are engaged is reported near the city.

LOBBY WANTS WAR? WASHINGTON, Aug. 9.—End of the senate lobby investigation is not in sight, according to Senator Reed who urged the committee should inquire into alleged organized movement to plunge the U. S. into war with Mexico. Senator Gallinger opposed. No action was taken.

TORREON FALLS AGAIN. DOUGLAS, Aug. 9.—The constitutionalist junta announces news from confidential agents that Torreon and San Pedro are in the hands of insurgents, and federals in Monclova in critical shape because of desertions. Carranza is reported mobilizing a force of 3,000 to move against Saltillo.

TO ATTACK GUAYMAS. HERMOSILLO, Aug. 9.—It is said Governor Mayorena and Generals Obregon, Cabral, Pesqueira and Alvarado have decided on movement against Guaymas. Deserters reaching the insurgent camp declared the federalists at Guaymas number 3000. Women and children have left Empalme.

THANKS ROUMANIA. BERLIN, Aug. 9.—Telegrams containing thanks and felicitations for the outcome of the Balkan peace plans were exchanged between Emperor William and the king of Roumania.

SCANDAL MONGERS BARRED. SAN FRANCISCO, Aug. 9.—District Judge William C. Van Fleet ruled today that when the trial of Dicks is resumed next Monday the curious will be limited to 48. Van Fleet is ill today and attributed it to the foul air that resulted from the overcrowded condition of the court room Friday.

LARGE ESTATE. NEW YORK, Aug. 9.—Isidor Straus, merchant and philanthropist who lost his life when the Titanic sank in April 1912, left an estate valued at \$4,565,106. His wife, Mrs. Ida Straus, left an estate of \$335,000.

## TROUBLE IN VENEZUELA WORRIES STATE DEPARTMENT; U. S. CRUISER AND DIPLOMAT ON WAY TO CARACAS

General Castro (top left), U. S. cruiser Des Moines and President Gomez.

With Henry F. Tennant of New York, the secretary of the U. S. legation, on board, the cruiser Des Moines is now on its way to Venezuela. It will probably remain in Venezuelan waters until the present troubles in that country have subsided. The ship carries a landing party of 120 men but has no marines on board. The troubles in Venezuela are reported to be very serious. President Gomez leads in person the federal army against General Castro. The latter has issued a proclamation in which he says: "War has become inevitable. I declare myself in campaign against Juan Vicente Gomez whose treason and usurpation of power since 1908 have become a real catastrophe, calling me from private life."

## COOPER WINS ROAD RACE

SANTA MONICA, Aug. 9.—E. Cooper, in a Stutz, won fifth annual Santa Monica road race today, going the 4 mile course 53 times in 4 hours, 1 minute and 52 seconds, an average of 73.86 miles per hour. The record for the 45 miles is 125 miles the hour. Barney O'Neil finished second in 8 hours and 7 minutes. Niekent in a Mercer, was third, time 6:28:17. One fatality attended the race. A 7-year old boy, Buster Breen of Los Angeles, was killed by a touring car driven by Lester Thomas, of Los Angeles, while the latter was speeding near the course. Thomas was arrested.

## ENDORSE AMENDMENTS

WASHINGTON, Aug. 9.—Amendments to the reserve sections of the administration currency bill which many bankers say are vital to continuance of the present credit conditions, under the proposed new currency system have been tentatively endorsed by Chairman Owen of the senate banking committee and may be incorporated in the bill before the house.

## WOMEN JURORS

CHICAGO, Aug. 9.—Women voters of Cook county will be summoned for general jury service after the spring primaries, according to an announcement today by the jury commissioner.

## TROOPS WITHDRAWN

MAKYSVILLE, Aug. 9.—The last of the militia sent to Wheatland were withdrawn today. Residents, however, fear another outbreak.

## LARGEST SHIPMENT OF CATTLE

NEW ORLEANS, La., Aug. 9.—Arrangements are being made to handle the largest shipment of cattle ever brought to this, and probably to any American port. The first ship load of a movement of 93,000 head will dock here tomorrow from Tampico, Mexico. Forced by the continuance of the insurrections in the southern republic, the owners are going to this vast expense as the only means of saving any portion of their property. While the shipment is being made in the name of the Corralitos Ranch company, an English concern, it is understood that Gen. Luis Terrazas, Enrique C. Creel and other Mexican cattle owners are sending out some of their cattle with this movement. Thirty-one hundred stock cars will be required to carry the cattle from New Orleans to the various ranches to which they have been assigned.

## NEW PORT DOG SHOW

NEWPORT, R. I., Aug. 9.—Newport society went to the dogs today. The occasion was the opening of the annual bench show of the Rhode Island Kennel club, which is one of the prominent fixtures of the Newport social calendar each summer. The show this year is fully up to the high standard established by the previous exhibitions of the club. The display of toy dogs is especially notable.

## LOCAL NEWS

C. R. McCalmont, newly appointed agent at the Lowell st. of the Southwestern, yesterday was checked in. The station is ready for business today.

Y. W. C. A. PLANS. The Educational committee of the Y. W. C. A. with Mrs. Bridge as chairman, have made extensive and interesting plans for the fall and winter months. The camp fire will be held in a class in first aid to the injured and kindred topics. There will probably be two classes in cooking, one for beginners and one for those more advanced in the art. Sewing, home nursing and household sanitation, also Spanish, French and English for foreigners will be taught by competent teachers.

Professor Philbrook, superintendent of schools, has come to conduct a series of lectures at the association on Civics for Women. With the ballot now in their hands, it is expected many women will avail themselves of this splendid opportunity of learning how to use their privileges intelligently. This course will be open to all women. Most of the other classes, however, will be limited to members of the association.

## NEW A. C. SMELTER WILL BLOW IN AT CLIFTON THE END OF THIS WEEK

W. B. Kelly, editor of the Copper Era at Clifton, arrived in the city last evening, enroute to Phoenix. He will be here today in connection with business matters.

Mr. Kelly said last night that the Arizona Copper Co. had come through a splendid construction campaign at its new smelter with flying colors. This by reason of the fact that the new smelter will be able to blow in its first mail on the 15th, next Saturday. The balance of the plant will follow on the 22d.

Achievement of blowing in this month is better than original expectations by two months or more. The best that was figured on in the early stages of the work was possibly October 1. In its conduct there has been not only speed but very high efficiency, said Mr. Kelly, last night, and all concerned have earned much credit. Yesterday the haulage of ore from the mines to the new smelter site was commenced. A stock pile will be accumulated there immediately. During this work there is considerably increased mining forces employed at the mines of the company. While the larger number of men will not be required after the few months used in leading the stock pile, the larger demands of the new smelter will keep the mining force some solve past requirements.

Dr. L. D. Ricketts is to go to Clifton to take personal command of the new smelter for a matter of three months, during which time there will be a thorough try-out of all the ore and the determination of the best that may be possible in methods of operation. Blowing in of the new plant is making for a good deal of enthusiasm at Clifton, where it means more labor and assurance of continued operations by flood waters being permanently put aside in the new location. While the main idea in constructing the new plant has been to obtain greater efficiency rather than larger output, the latter will likely raise to the rate of 40,000,000 pounds for 1914. Past rate of production of A. C. has been around 36,000,000 pounds this year.

Strikes at Calumet and Duluth practically broken and operators expect to be running full force soon.

## WILL GO TO BOTTOM AT THE SCHOOL

District Attorney Gilmore Says His Office Will Make Independent Investigation on Behalf of County.

OSBORNE REPORT IS EXPECTED AT ONCE

No Intimation Given as to What May Be Contained as Result of Visit to School on Thursday.

TOMISTONE, Aug. 9.—(Special)—District Attorney Gilmore will conduct an independent investigation of conditions in Benson reform school, and his office will subsequently take such action as is deemed advisable. Preliminary to action, however, there will be a thorough investigation. The above statement was given out tonight by the district attorney, who on Thursday at Benson attended Charles Osborn during investigations made by the latter on behalf of the state board of control.

Mr. Gilmore said tonight that as expected the report of Mr. Osborn would be filed with the board of control and made public either today or on Monday. As to what it may or may not contain, Mr. Osborn gave no intimation at Benson. As a matter of courtesy the office of the district attorney will naturally await the filing of the report of Mr. Osborn, so long as it comes within a reasonable time.

Some time during this week, Mr. Gilmore will return to Benson and begin a thorough investigation of conditions in the reform school according to a statement in an interview tonight. With regard to findings made on Thursday he said that the story printed in the Review concerning the Gray boy was confirmed, with the exception only as to the statement of the boy that there had been a conspiracy. This was not confirmed, although subsequent investigations may result differently.

Governor at Benfon. Governor George Hunt was at Benson yesterday personally investigating the charges of brutality filed against L. Harper, superintendent of the industrial school. The governor received a report by telephone from Charles R. Osborn, secretary of the board of control, who was sent to Benson Wednesday night to conduct an inquiry. The nature of the report was not made public, but Governor Hunt left at once for Benson, says the Gazette.

At the capital it is generally believed that the charges against Harper are greatly exaggerated. The governor himself takes this view, but fears that investigation may disclose a condition of affairs which will make it inadvisable to retain Harper.

## SAENGERFEST AT DUBUQUE

DUBUQUE, Ga., Aug. 9.—German singing societies of the Mississippi valley assembled here in force today for the opening of their annual saengerfest. Among the cities represented are Des Moines, La Crosse, Freeport, Rock Island, Cedar Rapids, Burlington, Chicago, Muscatine and Sioux City. The program covers four days and provides for five orchestra productions, chorus competitions, and concerts by a number of noted soloists.

## FORWARD TO LAND LEAGUE

BOSTON, Mass., Aug. 9.—The first conference of the newly organized Forward to the Land League assembled in this city today and will continue in session until the end of the week. The league aims to bring superior results to the farmer, to eliminate frauds in the settlement of lands and to inspire social life in rural districts. The movement is designed also to make farm life so attractive as to promote a general exodus from the congested section of the large cities, thereby relieving the tone of the dwellers and eventual extermination of the slums.

## TWO NEGROES TO HANG

FORT WORTH, TEXAS, Aug. 9.—Sheriff Rea has completed preparations for a double execution to take place in the county jail here tomorrow. The prospective victims of the noose are Ernest Harrison and Paul Fowler, negroes, who were condemned to death for the murder of Robert Kneatch, a white man, here last year.
